

Share Ourselves

ADOPT A FAMILY

56TH ANNUAL ADOPT A FAMILY

For the past 56 years, Share Ourselves has brought holiday joy to Orange County families through its Adopt A Family program. This program has a profound impact on families facing challenges and economic hardships during the holidays. Together with local schools and community organizations, we ensure that those in need receive personalized gifts and essential items.

How it works:

1. Share Ourselves partners with local schools and community organizations to identify families in need.

2. We then share each family's unique story and provide a wish list for every member. By adding this personal touch, we ensure that gifts are not just material items but meaningful expressions of care and consideration.

3. Families are then adopted by compassionate individuals and groups who purchase gifts from the wish lists, wrap them with care, and bring them to the OC Fair & Event Center. No family is forgotten! Share Ourselves ensures that every wish list is fulfilled.

4. Families receive their personalized gifts! Your valued donations are instrumental in making this program a success. We invite you to join us in our 56th year of giving by participating in this impactful program.
