Community Programs

Create Impact. Build Community.

Corporate Partnership Opportunities

Community Programs Are an Extension of Care

Health extends beyond the exam room.

OUR HEALTHCARE SERVICES

Share Ourselves brings healthcare and social services together because the factors that affect health often extend beyond a medical visit.

Our Community Programs build on that same approach—helping people access resources that support health, stability, and opportunity.

COMMUNITY PROGRAMS EXTEND THAT CARE.

Essential Resources for a Stronger Community

More than support. A path to stability.

Our social services help individuals and families navigate life's challenges and connect to the resources they need for a healthier, more stable future.

From food and housing assistance to case management and financial support, we remove barriers and create opportunities for long-term stability.
